

**CLIMATE
ACTION DAY**

4.11.2017

Join in

**In order to bring about change,
the motto is – Set an example
for climate protection!**

Youths from all over the world take part in the "Climate Action Day". They plant trees, take a stand for encouraging cycle traffic in their city, perform street theatre against coal based electricity or upcycle things others throw away. This year the Climate Action Day takes place at the same time as the 23rd UN Climate Change Conference in Bonn. You can join in and contribute to a change!

04.11.2017 | Join in!

Be part of a worldwide movement!

Protect the climate! Join in the Climate Action Day – either on-site or in the large scale action on November 4 in Bonn.
